MARCH 29 2:20 pm DRAFT

March 29, 2014, Update

The U.S. Environmental Protection Agency and the U.S. Coast Guard were on site today to oversee day six of cleanup operations following an oil spill into Lake Michigan that BP reported on March 24. Due to continuing inclement weather, Shoreline Cleanup Assessment Team crew boats were not deployed today. Weather permitting, boats will be deployed Sunday to assess the cleanup to date.
